

MILFORD HAVEN

Restaurant Space & Seating Logistics

Our Restaurant naturally splits into 2 areas. As you enter the building we have the left side which can comfortably sit 22. We can squeeze up to 30 in a 'canteen' style seating if needed.

On the right of the Bar we have a 30 seater restaurant which can be utilised to squeeze in 35 people if needed.

In the bar area there is a nice space for seating customers drinking or waiting to be seated at their table. This can be changed into an extended dining area.

We can therefore cater for anything up to 60 people seated at any one time or 80 people stood for an informal finger buffet.

On Sunnier days we have the availability for 30 people to eat outside and enjoy our food al-fresco. We could incorporate a BBQ Style menu weather permitting.
